**General Description:** LOCATION & POTENTIAL, WOW!!!! Can you get any closer to one of the Midwest's Favorite Major Cities and still call it farmland? This 119.5 acres m/l is located right on Highway 11 just 3 miles South of Harmodon Park, Sioux Falls. Not only located extremely close to Sioux Falls on a Main Highway but it includes 2 housing eligibilities and is surrounded by beautiful homes, acreages, & developments. As an added bonus it is only 2 miles from Spring Creek Golf Course.

From a purely farming standpoint this is a productive farm that has good numbers as well. The main soil types appear to be Egan-Chancellor, Egan, with smaller amounts of Shindler-Egan, Chancellor-Tetonka, Wentworth-Chancellor, and Lamo. The Weighted Average Productivity Index is approximately 79.1 m/l.

"Imagine having the investment opportunity this farm potentially holds for the future plus getting a good rate of return while you hold it. With Sioux Falls' dynamic strength and record of excellence, where could you put your money that it could have a better chance of tremendous growth than this property? These kinds of opportunities are very seldom available in one's lifetime, don't let this one slip away. Be that person with the courage, foresight, whom future generations will look up to as a true visionary.

Best of Luck,"
